Crimes of the Heart

May 19 through June 25, 2011

Sisterhood is at the core of the Tipping Point Theatre’s final show, Crimes of the Heart, in a season highlighting great American plays and playwrights. Babe Magrath has shot her senator husband in the stomach and doesn’t want to tell her lawyer why in “Crimes of the Heart,” a black comedy of family strife that won the 1981 Pulitzer Prize for Drama and the 1981 New York Drama Critics’ Award for Best American Play.

The drama begins when Babe’s sisters Meg and Lenny – who have issues of their own – join her at their Old Granddaddy’s home in Hazlehurst, Mississippi to cope with this latest incident disrupting their thoroughly dysfunctional lives. “I love that in the midst of some pretty sad and dark family drama, you find yourself laughing out loud,” says Hallie Baird, who plays Lenny, the sister who stayed around the family home to take care of their grandfather. “I really think everyone will relate to at least one character or relationship.”

As the story continues, old resentments come out, quirky relatives appear and each sister is forced to face the consequences of the “crimes of the heart” she has committed. The result is a funny journey through their struggles, their rivalries and ultimately their bonds.

The curtain rises at 8 p.m. Thursdays through Saturdays, with matinees at 3 p.m. Saturday and 2 p.m. Sunday at the theater at 361 E. Cady St. Tickets are \$28 to \$30 for adults and \$26-\$28 for students and senior citizens. Tickets go on sale April 26 and will be available by calling the box office at 248-347-0003. The Show will run from May 19 - June 25.

Chamber Non-Profit Opportunitites at the Farmers’ Market

The Chamber is happy to offer our non-profit partners the opportunity to showcase their mission at the farmers market. There will not be any fee charged for this opportunity.

Organizations will be allowed to pass out information, sell products acceptable to the Market, pass out newsletters, brochures, business cards, and raffle tickets from your booth space.

Organizations must be officially classified as a non-profit organization to apply and must be a member of the Chamber of Commerce. Program information has been mailed outlining the specifics of the program, but do not hesitate to contact the Chamber with additional questions.

A great friend to the Chamber, and dapper participant in the Victorian Festival, we wish Dr. Rezmierski a very happy retirement.

You are invited to help celebrate the retirement, the accomplishments, and the legacy of Dr. Len Rezmierski, our Superintendent, on Friday, June 10 from 4 - 6 PM at Northville High School. Len's commitment to excellence shows in the district's extraordinary standard of performance in academics, dedicated service to others, and achievement in athletics and the arts. There will be a short program, including student performances, in the high school auditorium followed by a reception in the school cafeteria.

The district will acknowledge and celebrate Len's service with the establishment of a designated fund within the Northville Educational Foundation: The Leonard R. Rezmierski Fund for Excellence. The fund will support projects that promote excellence, innovation and leadership in academics, the arts, athletics and community service in Northville Public Schools. Contributions can be made to The Northville Educational Foundation, 501 S. Main St., Northville, MI, 48167 with a notation for the LRR Fund for Excellence in the memo line.

We hope that you will be able to join us in celebrating Dr.

Rezmierski's long career, his many accomplishments in the field of education, and his leadership at Northville Public Schools.

Downtown Northville

Northville businesses are known for having nicely landscaped lawns and well maintained buildings. For 2011, businesses are asked to water their lawns between the hours of 11:00 p.m. and 5:00 a.m. Believe it or not, watering lawns at any other time of the day can add to the City's water rates from Detroit. By watering at night, which is off peak, Northville will reduce its peak hour demand and minimize future water rate increases from Detroit. This will help save our businesses money and still permit them to provide sufficient water to keep their landscaped areas healthy and green.
