

# Placemaking: How Does Northville Measure Up? You are invited to hear the answer.

## JOIN US TO LEARN JUST WHAT IT WILL TAKE TO RETOOL MICHIGAN

Chamber members, government leaders and residents are invited for a buffet breakfast and a presentation on the eight assets that make for a vibrant community: Physical design, walkability, green initiatives, cultural and economic development, entrepreneurship, multiculturalism, messaging and technology, transit and education.

- Dan Gilmartin serves as a member of the Board of Directors of the National League of Cities and as a member of the Michigan Future, Inc. Leadership Council. He also served for four years as the lead advocate for Michigan's communities in Lansing and in Washington, where he concentrated on a number of key issues including transportation, land use and urban redevelopment.
- In 2010, Gilmartin added radio talk show host to his resume as host of The Prosperity Agenda on News/Talk 760 WJR, which is Michigan's highest rated talk station and can be heard throughout the Midwest and Canada.

*"There is compelling evidence that in a knowledge-based economy, if Michigan is going to remain competitive in the 21st century, focus needs to be made on 'Placemaking', creating desirable, livable places where young, talented, college-educated people want to live, work, play, and raise families." — Dan Gilmartin*
